

# Real Estate Office Explains New Law

J. F. Fargason, M. D.  
Route 1  
Picaune, Mississippi  
Dear Dr. Fargason:

Your letter, dated 18 August 1962, addressed to President Kennedy, has been referred to this office for a direct reply to you.

As to appraisal of the individual ownerships, in conducting the acquisition program for the Mississippi Test Facility, we have contracted for the services of the most competent professional appraisers in the State of Mississippi that could be obtained. The appraisers are using well established and accepted methods in estimating what is considered to be fair and just value for each property involved.

I am sure that you realize that the value of agricultural land has always been accepted by the Courts to be predicated upon comparable sales of similar properties made by willing sellers to willing buyers under similar economic conditions. Careful consideration is also given to the location of the property; its means of access; number, type and condition of improvements; productivity of the soil; general desirability; and all other elements which contribute to the property's salability.

We recognize that, in every case of a large project such as this, it is difficult for many owners to buy replacement property at what they consider to be reasonable prices. Where the Government acquires a number of ownerships, it creates an unusual demand for replacement properties in the general area. Unfortunately, the Government is limited to paying fair market value for the properties acquired and cannot take into consideration what it may cost each owner to acquire replacement property.

One source of relief is in the nature of so-called "resettlement" reimbursement. Public Law 87-584, approved 14 August 1962, authorizes owners and tenants of land and interests in land acquired for the National Aeronautics and Space Administration on or after 1 November 1961 to be reimbursed, to the extent determined fair and reasonable, for the expense of moving and related costs incurred as a direct result of moving because of the acquisition of their real property.

Types of reimbursable items include the cost of transportation, packing and unpacking, and expenses for obtaining a new site or land, such as the cost of appraisals and survey. This would not include any part of the purchase price for the new site or land, or any expenditure for the purpose of adding to the value or utility of the new site. Examples of nonreimbursable items are cost of conveying property to the Government, consequential damages or losses, such as the loss of good will, loss of profits, expenses of sales, and losses because of sales. Regulations implementing the above statute have been developed. It is expected that they will be published in the near future, at which time owners and tenants will be notified by the Mobile District Engineer as to the procedure to be followed in making application for reimbursable "resettlement" costs.

As indicated in your letter and the inclosed clippings, the National Aeronautics and Space Administration has authorized the Corps of Engineers to acquire fee title, rather than an easement, to any property lying in the safety area (buffer zone) where they appraise value of the easement represents a substantial percentage of the appraised value of the fee title. This should afford relief to many of the landowners in the safety area.

We have been informed that you have reached agreement with the Mobile District Engineer's representatives on the sale of your own property in the safety area and that the purchase sale transaction has been completed. We hope that this will be the forerunner of a high percentage of voluntarily negotiated transactions in the remainder of the project.

As to sending any additional representatives into the Mississippi Test Facility project area, we feel that any further public meetings would best be conducted by the Mobile District Engineer and the local NASA representatives. From the developments discussed above, I feel that you must realize that we, at the Washington, D. C. level, are aware of your problems. However, we feel that any public meetings or personal contacts should be through the local NASA and Corps of Engineers representatives.

I trust that the above information will constitute a satisfactory reply to you and the other members of the Property Owners Committee.

Sincerely yours,  
D. A. Parlan, Colonel, Corps of Engineers Director of Real Estate.

## NOTED ATTORNEY DIED AT HATTIESBURG HOME

Earle Wingo, 62-year-old prominent Mississippi lawyer, died at 4:15 a. m. Monday, September 24 at his home in Hattiesburg, after a long illness.

A native of Jackson, Miss., he was the son of the late Mr. and Mrs. Newton L. Wingo.

He was admitted to the Mississippi state bar at 22 and represented defendants in 222 capital cases during 40 years of law practice.

In the early 1950's Mr. Wingo wrote two books, The Illegal Trial of Jesus and Mississippi Criminal Law and Procedure.

A past president of the state and county bar association, he was member of the American Bar Association, an Elk and a Moose and a charter member of the Hattiesburg Lions Club. For years he taught a Sunday School class at Temple Baptist Church and was on the state board of bar admissions for nine years.

Survivors are his wife, the former Myrtle Roberts of Clinton, Ala., and their three children, Mrs. Myrtle Jane Haas of Bay St. Louis, Mrs. Richard Spencer and Earle Jr. of Hattiesburg. Two children by his first marriage, Mrs. Helen Forrester and Mrs. Mary Earle Ogletree, both of Birmingham; and two step-children, Mrs. Helen Finch and W. L. Holmes Jr., both of Hattiesburg. He is also survived by a brother, Charles Wingo of Miami; two sisters, Mrs. Bert Wilson of New Orleans and Mrs. W. C. Wellington of Hartford, Conn., and 17 grandchildren.

Funeral services were held from Hulet Funeral Home followed by religious rites at 3 p. m. Tuesday at Temple Baptist Church with Dr. D. Lewis White officiating. Interment was in Roseland Park Cemetery.

Honorary pallbearers were members of the Loyalty Sunday School Class of Temple Baptist Church, The Forrest County Bar Association, the Hattiesburg Lions Club, the Elks Club, Norton Haas Sr., Frank Montague Sr. and J. F. Ruffin Jr.

## STATE LEADS U. S. IN REHABILITATION OF BLIND

Jim L. Carballo, acting director, Division for the Blind, State Dept. of Public Welfare, has received fiscal year reports from the national office of Vocational Rehabilitation, showing that for the fifth consecutive year, the Mississippi Division has ranked in first place in the nation, per 100 thousand of population, in the number of clients rehabilitated during 1961-62.

There were 283 visually handicapped persons rehabilitated during this year. Also, 2,078 clients were served by receiving eye and physical examinations; surgical and medical treatment, prosthetic appliances; hospital and convalescent care; training and training materials; tools, equipment and other goods and services.

The State Stand Service, a department of the Division of the Blind, operates 39 concession stands in Mississippi with a total of 42 visually handicapped people operating them. Gross sales for the year were \$605,000 with net earnings of operators \$85,238.00 averaging \$2,209.20 per operator.

Special Services for the Blind showed that \$5,500 was earned in small home industries by 85 blind persons not eligible for rehabilitation services. The Home Industry department sold approximately \$2,000 worth of handwoven articles, ceramics, leather crafts, and other products made by home-bound clients.

The ceremony was climaxed with Benediction of the Blessed Sacrament in Our Lady of the Gulf, with Rev. Michael Kelly officiating.

## Blood Bank Drawing Oct. 17th

October 17 was set as the date for the fall blood drawing at a meeting of members of the Hancock County Blood Bank Thursday at the Legion home with chairman John D. Rutherford Jr., presiding.

The drawing will be held from 2 p. m. to 8 p. m. at the Bay St. Louis Youth Center.

Chairman Rutherford is urging all persons who have used blood to send replacement donors. This, he said, is urgent if the blood bank is to continue in operation.

The Blood Bank, Rutherford added, is seven pints overdrawn as of August 30.

Plans were completed for the blood drawing and members assigned to the details.

## MRS. C. R. BEYER AGAIN HEADS HD CLUB

Mrs. C. R. Beyer was re-elected president of the Bay St. Louis Home Demonstration Club when the group held its first meeting of the fall season last Thursday at the Agricultural Center. Mrs. Harold Powell was re-elected treasurer and Mrs. Jeanne Williams secretary.

Mrs. Marcia Hughes, home agent discussed protection from fallout.

It was announced that the state fair was scheduled for October 8-13. Members with entries were asked to bring them to the agent's office by October 1.

Members were invited to attend a demonstration on tailoring tips at the Singer Sewing Machine shop in Gulfport October 2, and an all day demonstration on making and baking ceramics at the home of Mrs. Lawrence Seals in Picaune October 5.

Mrs. Leo Taconi, Pat Rutherford, Leroy Luke and Jeanne Williams were hostesses for the social hour.

## FORMER HANCOCK SHERIFF DIED IN JACKSON—WAS 86

E. Van Whitfield, 86, died at 3:25 a. m. Sunday, September 23, in St. Dominic's Hospital, Jackson, Miss.

## SOUTHERN BELL TO MAKE CHANGES IN COLLECTING

Arrangements have been made with the Merchants Insurance Agency Inc., 210 S. Beach Blvd., Bay St. Louis effective on and after October 15, 1962 to receive payments on telephone accounts, according to J. C. Dabney, Southern Bell Group Manager. Payments will be received between the hours of 9:00 A. M. to 12 and from 1:00 P. M. to 4:00 P. M. Monday through Friday. A night depository will be available for making payments at other hours on Saturdays.

Dabney pointed out beginning October 15th, 1962 requests for new telephones, for moves and changes on existing service and inquiries regarding accounts, long distance calls, etc. will be given prompt attention by merely dialing the business office number that now appears in the telephone directory 467-9011.

He stated that it would be desirable that customers have their bills with them when making payments at the Merchants Insurance Agency. In the event the bill has been lost or misplaced or the amount of the bill is unknown, it would be well to dial 467-9011 for this information.

He said, those who customarily pay their telephone bills by mail should continue to address envelope to Southern Bell, Bay St. Louis, Miss.

According to Dabney, it will not be necessary to visit the business office as all matters affecting telephone service can be handled by telephone.

## MRS. MAUFFRAY ELECTED TO BOARD CATHOLIC WOMEN

Mrs. Alden Mauffray of the West Coast Deaneary, was elected a board member-at-large for a three-year term at the 28th annual convention of the Nathe-Jackson Diocesan Council of the National Council of Catholic Women in Pascagoula last week.

The convention opened with a Mass at Our Lady of Victories Church with the Most Rev. Bishop R. O. Gerow, S.T.D., as celebrant.

Martin J. Johnson, Mobile, a Knight of St. Gregory, and Bishop Gerow were guest speakers at the luncheon. Mr. Johnson spoke on the Ecumenical Council which meets in October in Rome and Bishop Gerow cited the importance of prayer in our daily lives.

The next convention will be held at the Buena Vista Hotel in Biloxi. Attending the meeting from here were Mrs. Mauffray and Mrs. George Stevenson.

## ELLIOTT ADDRESSES STUDENTS AT NORTH CENTRAL

Commander Joseph Benvenutti of the American Legion Clement R. Bontemps Post No. 139 along with chairman Fred Fayard of the Americanism Committee, inaugurated this week a series of STUDENT AMERICANISM EDUCATION LECTURES.

Heading the list of speakers was past Commander Russell J. Elliott, who addressed the student assembly at North Central School this past Wednesday on the very timely subject of "America's Position of Survival Against Communism," and gave briefly the meaning of a good citizen in the American way of life.

The point was stressed that there is no co-existence with Communist Governments and that the fate and welfare of free countries will depend largely in the future on the students of today.

All Schools are invited to participate in this direct Americanism promotion.

The American Legion stands ready to provide speakers at any time, and to assist in any such programs fostered by the schools.

## VE CLUES TO 'AYCEE MYSTERY MAN'

Clues to the Mystery Man released this week by Jaycee president Bert Stieffler are - He lives in the Bay Area; is a local business man approximately six feet, two heavy set. His family has resided here for many years and he is active in numerous organizations.

The local Jaycees who are now conducting a membership drive selected a man in this area between the ages of 21 and 45 who is eligible and wants to become a member of the group.

The Jaycee who signs the Mystery Man will receive a \$25 U. S. Savings Bond. If he is not found by the October 4 meeting, the contest will continue until he is signed as a member.

## ELLIOTT & RHODES ENDORSE "SEAT BELTS"

JC Bitt Haverling installs seat belts in Justice Elliott's car as Bill Knowles Chairman and JC President Herbert Stieffler in spect.

In conjunction with the Junior Chamber of Commerce Safety Program the two Justices of the peace of Beat 5 Nelius Rhodes and Russell Elliott who work with the Sheriff Department and the Highway Patrol investigating most highway accidents agree that the safety effect of the "Seat Belts" have been very obvious.

Within the past year there has been over 60 accidents requiring medical treatment for the occupants at the Hancock General (or Doctor's Clinic) yet due largely to the "Seat Belts" the records will show there has been no fatality on the Beat 5 stretch of highway 90, a very busy and highly traveled artery along the Gulf Coast.

Under separate statements, Justice Rhodes recommended the "Seat Belts" as one of the most proven measures of highway safety, and Justice Elliott stated that for preservation of life and limb, and the safety of your family and passengers the "Seat Belts" are the cheapest protection you can buy.

Both Judges feel the installation of the "Belts" should be a mandatory piece of equipment in every automobile.

JC President Herbert Stieffler and committee chairman Bill Knowles will show by name records that for every "Seat Belt" there are 27 fatality accidents.

The JC's will have a sale and free installation day from 9 a. m. to 5 p. m. on Saturday, September 29, at the beach across from the Jaycee home.

Forty-three St. Joseph Academy freshmen were formally inducted and accepted the School motto in candle light ceremonies Wednesday at 7:00 o'clock in the school Auditorium.

Following the traditional lighting of a candle at the altar by the Student Body President, the 33 seniors lighted the candles of their little sister, symbolic of handing down the honor of being a member of the school and pledge of their loyalty.

The ceremony was climaxed with Benediction of the Blessed Sacrament in Our Lady of the Gulf, with Rev. Michael Kelly officiating.

The Gulfview P. T. A. held its first meeting September 11. It was voted upon and approved to discontinue the P. T. A., and form a Parents Teachers Club.

A committee was appointed to draw up the by-laws for the new club.

The committee members are: chairman: Miss Gertrude Perkins, Mrs. Fritz Garcia, Mrs. Cecil Barnes, Mrs. Fred Johnson, Mrs. Ernest Cuevas Jr. and Mrs. Gordon Courge.

The committee met September 18 to draw up its by-laws and presented, voted and approved upon them at a special meeting held September 25, and voted and approved upon the club being named the Gulfview Co-Op.

They also elected new officers for this school session. They are as follows: President: Mr. Fred Johnson, Vice-president: Mrs. Miller, Secretary: Mrs. Ernest Cuevas, Jr., and Treasurer: Mrs. Malcom Green.

Visiting Mrs. Viola Garcia of Ansley this weekend were Mr. and Mrs. Roy Garcia and three children and Mrs. Florence Hinck and daughter Shelly, all of New Orleans.

Bob Fricke, son of Mr. and Mrs. John C. Fricke enlisted for Army duty and was sent to Fort Jackson, S. C. last week. He will be transferred to Fort Gordon, Ga. September 26.

Gordon Garcia, signalman for the L & N Railroad, has been transferred from his job in Biloxi to a route between Montgomery and Birmingham Alabama.

Get well wishes are extended this week to Jack Lafontaine, Buddy Poyade, and Vic Aime, who through an accident were all injured. Vic was hospitalized to

undergo treatment.

Get well wishes are also extended to Mrs. George Green, who was unable to drive Lakeshore's bus to Bay Hi due to illness.

Little Tammy Bourgeois, daughter of Mr. and Mrs. Billy Bourgeois of Clermont celebrated her 2nd birthday Sunday, September 23 with a party at her grandparents home, Mr. and Mrs. August Ladner of Bayou La Croix.

Gulfview School has added a new member to its faculty, Francis W. Lee, due to overcrowded class rooms. Mr. Lee teaches 2nd and part of the 3rd grades.

Oren Lusich, who has been stationed at the Naval Air Base in Memphis Tenn. has returned home to visit his parents, Mr. and Mrs. George Lusich of Lakeshore. He will return to the base in a few days to continue his training.

Mrs. Arthur Smith, who conducts classes at the Lakeshore-Clermont Youth Center every Saturday evenings from 2 to 5 for children from the age of 11 on down has asked that more parents try to bring their children to these classes.

They are trying to arrange a talent show to entertain the parents in the near future, and without regular attendance she says it will be impossible.

The St. John's Altar Society met at the home of Mrs. V. Fusch Jr. Tuesday night Sept. 25th. It was decided that the meetings will be held the first Sunday of each month after 8 a. m. Mass.

The Bride Doll given by Mrs. V. Fusch Jr. was won by Aygile Garcia of Lakeshore.

THE  
ROAD  
THAT  
LEADS  
NOWHERE

The road pictured here bears the time-worn marks of many travellers. Apparently it leads to some distant village or serves perhaps as a link between more vital thoroughfares.

But in reality this road does neither. Once, no doubt, it had a destination, but today it fades away into the woods a few miles beyond—a "dead end."

How many lives are like this road? They have promising beginnings, but instead of continuing to worthwhile goals, they wander aimlessly to final dead ends.

The Church teaches us to build useful lives and guides us toward noble achievements and ambitions. Regular attendance at church services gives greater assurance that our pathway of life will not lead us astray. On the contrary, it leads straight to the house of the peaceful mind and the contented heart.

ALL FOR THE CHURCH  
The Church is the greatest factor in each for the building of character and good citizenship. It is a schoolhouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Cooler weather of the past few days was welcomed by most every one, especially the fishermen. The chill in the air does something to most sportsmen as well as the fish which bite more plentiful and strike more furiously. Won't be long now before we will be trolling for both fresh and salt water fish. Two fishermen using under water baits over the weekend caught some nice green trout as well as a 3 pound flounder and a good size striped bass. Underwater baits will be the thing from now on. Of course some fresh water fish will still be caught on surface baits.

For those who are interested fresh water fish are caught the year round especially in this section of the country. They have been caught during the winter months on surface baits on warm days. Don't underestimate fish, they are like most people they

will eat when they get hungry. Your job is to know what kind of bait to throw at them.

A familiar site to see the year round is an auto parked off the highway at the head of a bayou and to know the owner, Sam Meyer. Sam is one of our best fishermen and uses mostly an old perch pole. He catches his share of green trout, speckles, flounders and catfish. His greatest thrill we think is to catch a large turtle on his light tackle. Sam told us of the 65 pound loggerhead he landed after quite a battle. What's better than turtle and spaghetti properly prepared?

Salt water fish are being caught up Pearl River, and its tributaries as far as Pearl River and Logtown. The water is perfectly clear and salty just now.

Jordan River is also clear. As we stated last week reds and speckles are being caught regularly. Dead bait will do the trick. Good places to rent skiffs not too far are Joe's Ship Yard and Lucien Favre's Camp practically at the mouth of Jordan River out Main and Washington Streets. Ask most anyone how to get there.

Was a pleasure to talk to Larry Binder who has a summer home on the Old Spanish Trail and H. F. Hille of New Orleans who are both ardent fishermen. Have been invited to make a trip on Capt. Hille's boat Friday. Hope it

materializes.

Oscar Spotorno was over this weekend visiting his brother Andrew. Of course when we met them a bull session and fishing tales were in order. Both are old timers and caught their share of fish in their time.

Two other local fishermen talked about were Son and Willie Rudolph two of the best fishermen hereabouts. A great trick of Son's was to stick a fishing pole in the mud smell it and tell whether or not there were fish near by or not. Willie still does commercial fishing and crabbing and is hard to beat. Oscar Spotorno gave us the news which will be of interest to old time sailing fans when he was a crew member on the Cinderella and "Queen of the Fleet" two of the best sailing boats to compete on the Gulf Coast. Johnny McDonald still owns the Cinderella. This was the time of Uncle Charlie Breath etc., when the Yacht Club was at the head of Washington St. at Blaise's Wharf. Brings back old times, doesn't it!

Won't be long now before trolling for both fresh and salt water fish will be in order. All that is needed is an outboard motor, fly or casting rod and the urge to go.

## 'BY PERMISSION' HUNTING GROWS

"No hunting" signs will be coming down this season on thousands of acres of privately owned lands. They are being replaced by signs that read "Hunting by Permission Only," as a result of efforts of more than 200 chapters of the Izaak Walton League of America.

The league has sponsored a drive to open about a million acres of land to qualified hunters who sign the league's pledge to "hunt like a gentleman," and who first identify themselves and ask permission to hunt, according to L. C. Binford, national president. Binford maintains that farmers don't object to having hunters shoot game on their land. "They do object, however, to destruction of property and other ungentlemanly conduct," he said.

Under the league plan, the hunter promises to be law-abiding, respect private property and be careful where he shoots. By first being asked for permission to hunt, the landowner has an opportunity to notify the hunter where his livestock and workers are so those areas can be avoided. Times-Picayune, Sept. 24.

The above refers to Mississippi, also.

If the rules are followed hunting will be much more pleasant and safer.

A layman's dinner of the Episcopal Church will be held at the home of W. R. Sattler, Hickory Lane, Thursday, Oct. 4, 7 P. M. Co-hosts will be Messrs. A. F. Carlson, Henry Chapman, B. C.

## FUTURE FARMERS OF AMERICA EXHIBIT AT STATE FAIR

The Future Farmers of America will attempt this year to give the general public who visit the State Fair an inside view of what the Future Farmer Program is. Certain aspects of their training program have been selected for display.

Future farmers are those boys enrolled in vocational agriculture classes in the public high schools of the state. Their instruction program includes training in agricultural production, conservation of natural resources, farm management, agricultural engineering, marketing, leadership, cooperation, citizenship, etc.

Each year four outstanding FFA boys are selected to put on booths depicting their work as future farmers. Each of the boys attempt to select a subject that will tend to show the benefits that he has received from his training in vocational agriculture classes and his participation in the FFA organization. There are 234 FFA chapters in the state with an enrollment of almost 10,000 members.

Herbert Bolin of Lumberton, Mississippi will construct a booth in which he will attempt to show what the Lumberton FFA Chapter has done in agricultural production, leadership, cooperation and thrift.

Herbert is the President of the Lumberton Chapter and works under the leadership and advice of Mr. G. E. Sones, his vocational agriculture teacher.

Cookshoff, R. I. Hadden, Walter Rausch and Colonel Charles A. Ols. Attend, you will meet a bunch of good sports. It's a man's affair.

For those who don't care to go too far, fish are being caught on the RR and Highway bridge. Best tackle are casting rods, shrimp and plugs. You'll be surprised what you will catch. Cheap, too!

Watch for kids, especially that schools are open. Some children, many of whom are going to school for the first time, may not be as careful as they should be. Please slow down and watch out for kids when you are near a school zone. It's a good way to prove you are a good sport.

agriculture teacher.

George T. Bates of the Jefferson Chapter, Fayette, Mississippi will depict his individual program as a future farmer. George is an outstanding vocational agriculture student and member of the FFA.

He has won many honors and participated in many activities. Last year he exhibited the Grand Champion bull in the Sears Roebuck sponsored bull program. He will exhibit beef cattle at the State Fair this year.

George was selected as 1962 State Star Farmer for Mississippi. His vocational agriculture teacher is O. H. Neal.

Lowell Hinton of the Kosuth Chapter will show his activities as a student of vocational agriculture and FFA member. Lowell is an outstanding boy and has accomplished many great things. His exhibit will consist of an educational display of agricultural production, leadership activities, etc. His vocational agriculture teachers are M. D. Graham and Kenneth Geno.

Billy Womack of the Magee Chapter will represent his district. Billy has had some unique enterprises in his training program. He helps manage a very outstanding dairy farm and his mother raises puppies as a sideline. Billy will depict his program including agricultural production products, leadership, etc.

The State Association will put on an exhibit showing the use of concrete masonry on farms. This will include skills and technology in the use of concrete. The exhibit will attempt to show how farmers can be taught to lay concrete blocks for a foundation of small farm buildings, well houses, etc. It will also show the use of concrete blocks in the construction of greenhouses. The Crystal Springs Research Station has been doing research during the past several years in growing tomatoes in greenhouses. The facts revealed by the experiment station will be used to display a system of growing tomatoes in the winter-time in greenhouses.

A small greenhouse will be constructed showing the use of concrete blocks in the foundation. It will be covered with polyethylene showing proper heating, ventilation, watering, etc.

The greenhouse will be of interest to camellia growers in that of the same type can be used for growing camellias in Mississippi.

## DEMONSTRATION OCTOBER 2

Mrs. Melva Cole will give a demonstration on tailoring tips at the Singer Sewing Machine Shop, Gulfport, Tuesday, October 2. Home Demonstration club members interested in attending can contact the home agent's office at HO-74631.

## Tomorrow-GO JET-SMOOTH CHEVROLET for '63

If it didn't say Chevrolet on the flanks of the superb automobile you see here, you'd have a hard time proving it's a low-priced car. It offers luxurious styling, extremely comfortable, spacious and silent interiors... plus a lot of invisible ways to keep it looking and running like new when a lot

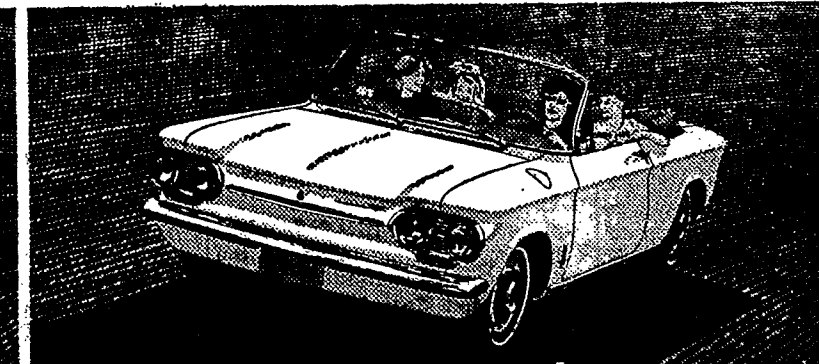

IT'S EXCITING!

of others have started to sag and sigh: new flush and dry rocker panels under the doors to guard against rusting... self-adjusting brakes... Delcotron generator for longer battery life. If you ever wondered why Chevrolet leads its field, a drive in this '63 should answer all your questions.

## GO CHEVY II for '63-IT'S EXCITING!

Hard as it may be to believe, this year's Chevy II is better, better than last year's and better than anything in its class. It combines all the new easy-care features of the big Chevrolet with its own wonderful attributes of parkable size, four- or six-cylinder fuel economy and interiors that'd do justice to cars with twice its price and half its charm.

## GO CORVAIR for '63-IT'S EXCITING!

Change it? Calm yourself, nobody's going to mess with a winner like this one! We did add self-adjusting brakes and a more fully aluminumized muffler; interiors and outside trim are refined a bit, but the rest is pure Corvair with all the over-the-road goodness that implies. Oh yes, we changed the taillights so all those people you pass will know you're driving a '63.

## ELECTRIC COOKING'S NO PUZZLE

ELECTRICITY is the answer to all of your cooking puzzles. For example:

Ten across, CLEAN — Flameless electricity is pure energy — there is nothing to burn. You cook without soot or smoke. You keep your ceilings, curtains, and pots and pans cleaner.

Ten down, COOL — This one's easy. Only electric ovens have six insulated sides to keep heat inside where you want it, not outside barbecuing your kitchen — and you.

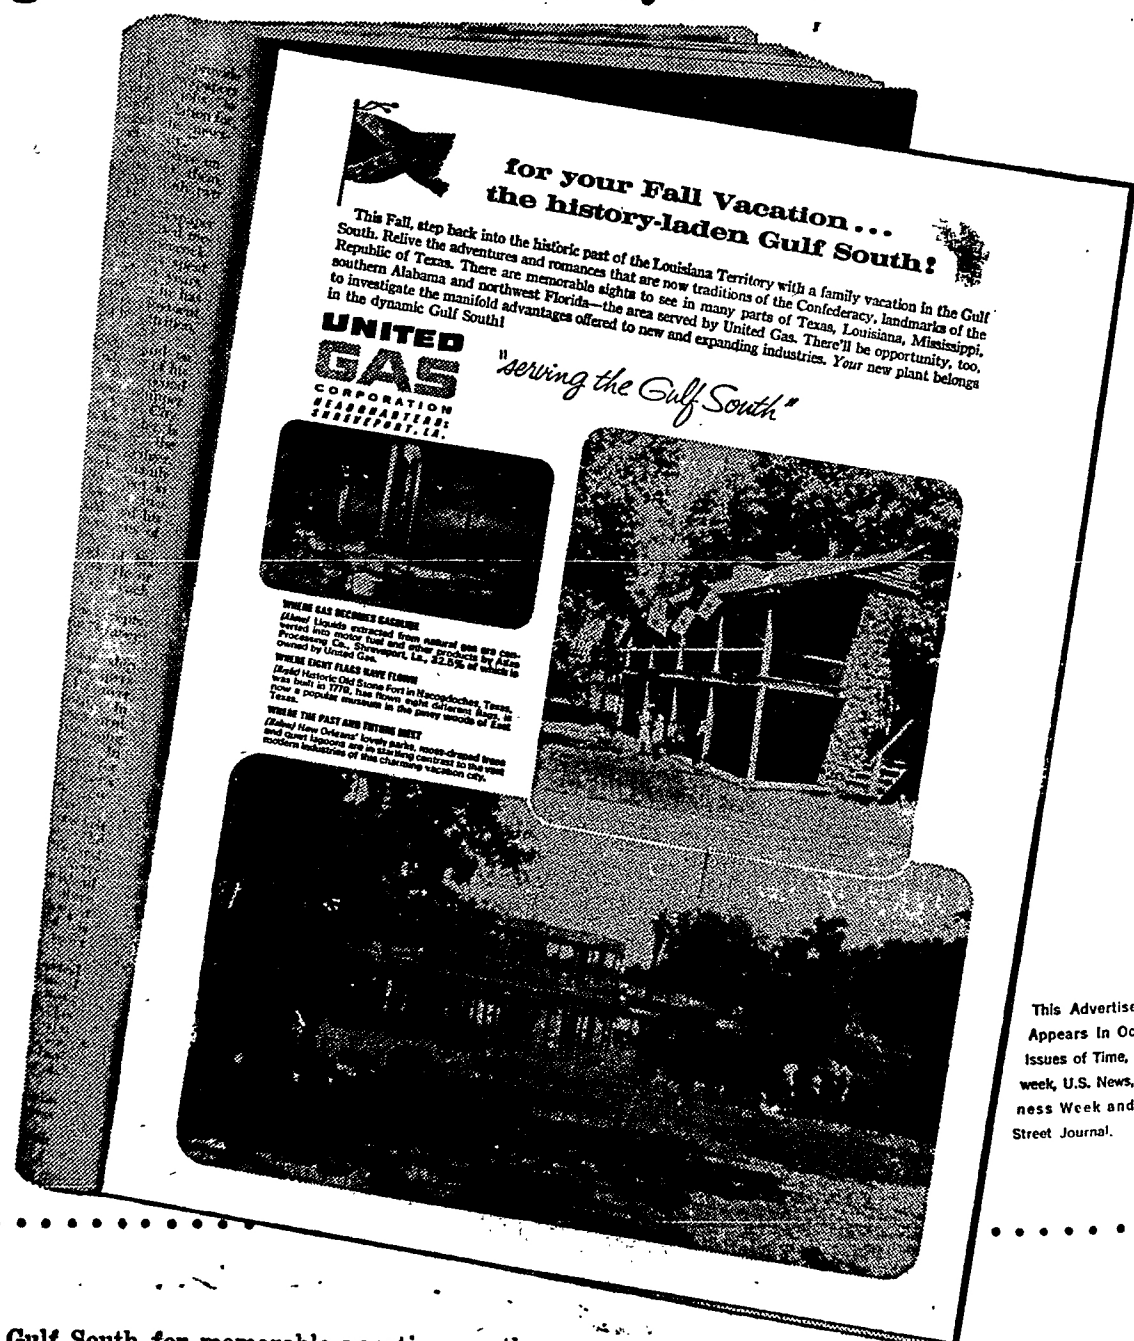

Fourteen across, CONVENIENT — No problems here. Regardless of the model you choose, automatic controls do all the "pot watching," give you more time for other things.

So, your puzzle is solved and you stay cool and clean while a convenient electric range does your cooking effortlessly.

The above pictured girls left recently for New Orleans where they entered the Sisters of St. Joseph order as novices, are, seated from left, Mary Jo Kreiger, Diane Ethke, Delores Poehl, Rt. Rev. Msgr. James Hannon, and twins, Martha and Marian Homes; Standing, Jo Pepper, Morrison, Margo Jacobi, Lynn Bills, Virginia Thomas, and another set of twins, Yvonne and Fran, Arriques. All with the exception of Delores Poehl and Diane Ethke, who finished in 1961, are 62 graduates of St. Joseph Academy in Bay St. Louis.

Paul Lapeyre, New Orleans, and Janice Atkinson, New Orleans, will have the lead in one performance of "Student Prince".

The Gulf Coast will have the opportunity of enjoying the scintillating gaiety of the ever popular operetta, "THE STUDENT PRINCE", which will be staged in the Auditorium of the New Biloxi High School, Sat. Oct. 20th, and Sunday, Oct. 21st, curtain time 8:15 p. m.

The production will mark the opening of the 1962-63 season of the Gulf Coast Theatre of Arts, and is an indication of the quality of presentations which will prevail throughout the season.

The large cast includes trained voices, dancers, and musicians (many with professional experience) who reside in various areas of the coast from New Orleans through Mobile. These people have volunteered their talents, and incurred personal expense traveling to and from rehearsals, in order to assure the finest entertainment available. The orchestra will be comprised of from thirty to forty pieces, and lavish costuming and scenery will delight the eye.

It is roughly estimated that production cost of this spectacular will approximate \$3,000. The Gulf Coast Theatre of Arts launched its first venture in this type of production last season with the presentation of two one act operas. It might be interesting to note that a monetary loss to the organization on these productions was figured at \$1,000, but the success of the evening indicated by audience responses, stimulated ambition within the organization, and this season they have determined to surpass themselves, with a later production of "LABOHEME".

Membership is available, and may be secured by contacting Mrs. Luciel Adams, General Membership Chairman, 1215 E. Peach, Pass Christian, Miss. Non-members may secure tickets for the "STUDENT PRINCE" at \$2.50 each. If contacting in writing for reservations, designate the night of the performance for which admission is desired, and make checks payable to the Theatre of Arts.

The auditorium seats approximately 100 persons, and contains the most modern facilities and excellent acoustics, assuring for staging, comfortable seating, perfect hearing minus distortions of tone and vision.

Rehearsals have been long and tedious with the cast working throughout the summer months in order to present polished performances. It is the hope of the organization that response from the public will assure more of this type of entertainment which is generally reserved for heavily populated metropolitan areas.

## WAVELAND RESIDENT DIED IN NEW ORLEANS

Cuthbert Nairn Fraser, 80, died at 2 p. m. Saturday, September 22, in Foundation Hospital, New Orleans.

He was the husband of Alice Cran Fraser of Waveland, Miss., father of James Roy Fraser, Neil I. Fraser and Joyce F. Bickers, all of Atlanta, Ga. John C. Fraser of New Orleans. Survivors include two sisters, Miss Jean Fraser and Mrs. Kate Macalpine, both of Glasgow, Scotland, and seven grandchildren.

A native of Glasgow, Scotland, and a resident of Belize, British Honduras, for 51 years, Mr. Fraser recently moved to Waveland. Funeral services were held from 11:15 a. m. Monday with religious rites at Christ Episcopal Church. Interment was in Gardens of Memory Cemetery.

## Buy only the power you can use...get ECONOMY CROWN GASOLINE

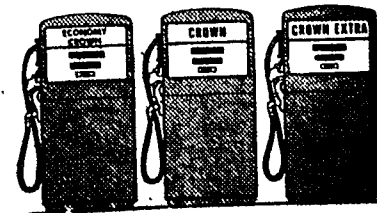

Thousands of drivers are buying anti-knock octanes they don't need—and can't use. But they're switching fast to new Economy Crown. Here's why:

ECONOMY CROWN is a new, economy gasoline for the many cars on the road that cannot take advantage of extra anti-knock quality. Supplies all the power such cars can use, at a saving. If yours is a higher-powered car, you should try—

**IMPROVED CROWN GASOLINE:** Users of regular-grade gasoline will find a new value in improved Crown Gasoline—now better than ever. Moves your car up in performance while holding driving costs down.

**IMPROVED CROWN EXTRA:** Standard's popular premium gasoline, now at an all-time high in anti-knock quality. Designed for those cars requiring the finest in performance characteristics.

Meet the Standard family of long-running gasolines! At your Standard station.
